**23RD SEPTEMBER**

**REMINDER:**

**LAST DAY OF  
TERM IS FRIDAY  
27TH SEPTEMBER  
SCHOOL ENDS AT  
2PM**

Sandra Spencer

# PRINCIPAL'S REPORT

## STEM

On Thursday the 29th and Friday the 30th of October Kyesha and Trevor accompanied myself and Karin to the 2024 STEM congress in Adelaide. They listened to some enterprising STEM achievers and attended workshops where they got to have hands on experience with STEM tasks, such as learning about how dance and algebra are linked, how sound waves can change, and creating 3D graphic images for a play station game.

## FAREWELL & WELCOME

In Week 8 we farewelled CJ. CJ has worked at LGPS for just over a year. He supported students across the school by implementing a 'boys group', working within the classrooms, supporting families with various needs and helping with the school events. We wish CJ all the best with his next position at the Port Lincoln High School. Jayde Warren will step into CJ's role at LGPS. She works at West Coast Youth and Community Support and is looking forward to supporting our students and families.

## NEW MURAL

In Week 8 Scott Rathman completed our school mural. Scott worked with our students to come up with the design. He asked them to list all their favourite events, things, people and feelings they had about LGPS and they then had to choose their top 2. Lastly they needed to develop a symbol that represented their top 2. From the students' information Scott then developed the design. In brief the design is the ocean meeting the land, sunrise for fresh beginnings, adults within the school and sitting and eating food together. Scott will provide the school with the story in more details, and this will then be put onto a plaque.

## YEAR 4/5/6 VISIT THE PORT LINCOLN CHILDREN'S CENTRE

During our first visit we worked with the three year old kindy kids to create special fairies using pegs, tissue paper and pipe cleaners. We also got to race the bikes and other wheels on the track at the kindy.

On our second visit we worked with the four year old kindy kids to create birds using paper plates and crayons. When we finished making the birds we went outside and played in the kitchen area, with dress ups and using the equipment.
